ABOUT THE RADIUS STRATEGIES GROUP

RSG applies its **intentional** coaching and consulting **frameworks** to inspire clients to do life with purpose, on purpose. Structured around either of its two proprietary frameworks — **The Delta Theorem** (Purpose) and **The Six Facets** (Performance) — RSG works with both separate individuals or executive leadership teams to elevate how to **Show Up, Engage, and Do the Work**, all while advancing team and culture.

More than just a process, RSG is creating a **“Coming Fully Alive” Movement!**
